# Why Sponsor The Ants?

Unique opportunities - Our social media team pride themselves on trying new things to maximise the club's exposure online, and as a partner you would benefit from this exposure.

Ground level video, sky-high drone video and stills, action photography and 360 degree Interactive Panoramas. There's NO Other Club doing what we do.

Over 600k Twitter Impressions, 250k people reached on Facebook, 11k visits to the Club's website 19k Youtube Views, with over 60k minutes of footage viewed and growing each year gives you much more exposure for your business than an ad in a local paper

We don't look at our sponsor's as mere sponsors, we want to build relationships with them which are mutually beneficial, increasing their customer base as well as helping them grow as a business especially online.

We are holders of the SFA Quality Mark so you can be assured the club is run in the correct manner

So why wait? Contact us today and see what we can offer your business. Other packages available on request.

It's An Ants Thing
